

## Welcome from the Campbell Club President

Dear Campbell Alumni,

Welcome to the first issue of *The Campbell News*. We plan to send this newsletter to you about every two months to keep you up to date on activities of the Campbell Club and The Campbell Foundation. It will also keep you in touch with your fellow alumni.

So we need to hear from you! Please let us know if you have moved or your contact information has changed, tell us about your family, your practice, positions with state or national associations, papers published or presented, volunteer work - any news that you would like to share.

We also need your feedback on the information you would like to see in this newsletter.

You are invited to join us for the next Campbell Club Triennial in 2009. We'll also be celebrating 100 years of orthopaedics in Memphis...in 1909 Dr. Campbell began his practice that would become Campbell Clinic. Planning is already underway and it promises to be a great weekend of activities. Mark your calendar and join us for the Campbell Club Triennial and Centennial Celebration April 23 - 26, 2009 in Memphis at The Peabody Hotel.

*Charles N. Hubbard*

Fellow 1978 - 1981  
Campbell Club President

### Mark your calendar!

Join us for the Campbell Club Triennial and Centennial Celebration April 23 -26, 2009 in Memphis

**Dr. Willis Campbell**

### Did you know?

Caring for all patients was a passion of Dr. Willis Campbell. He opened the Crippled Children's Hospital in 1919 and the Hospital for Crippled Adults in 1923. His legacy of charity care continues today as part of the mission of Campbell Foundation.

## Alumni Profile

**Frank Kelly, Jr., M.D.**

- Dr. John Babb**, Sports Medicine Fellowship, Cincinnati Sports Medicine Center, Cincinnati, OH
- Dr. Jay Womack**, Foot & Ankle Fellowship, Campbell Clinic, Memphis, TN
- Dr. Mark Pierce**, Orthopaedic Practice, Anderson, SC

## IN MEMORIUM

It is with deep regret that I inform you that Campbell Clinic has lost two giants. Dr. Rocco Calandrucchio passed away Saturday, July 28 and Dr. Marcus Stewart died Wednesday, August 1.

Rocco was a valued member of the Campbell Clinic staff for 36 years and served as Chief from 1976 - 1983. Marcus trained in orthopaedics under Dr. Campbell and was a pioneer in sports medicine. Both Dr. Calandrucchio and Dr. Stewart left lasting legacies to the field of orthopaedics, to Campbell Clinic and to all of us who had the privilege to learn from and work with them.

Our hearts and prayers are with the Calandrucchio and Stewart families.

James H. Beaty, M.D.  
Campbell Clinic Chief of Staff
