Campbell Club Triennial 2009

Dear Campbell Club member,

The next Triennial Meeting of the Willis C. Campbell Club is rapidly approaching, and we hope you are making plans to join us in Memphis on **April 23- 26, 2009**, for our Centennial Celebration: 2009 will mark 100 years since Dr. Campbell first came to Memphis to open his orthopaedic practice.

The meeting will begin on Thursday evening with a **"meet and greet" party**. On Friday and Saturday mornings we will have our **scientific sessions**, with the afternoons and evenings reserved for some really fun social activities. We will have a **casual dinner Friday** night and a **dinner-dance Saturday** night. The meeting will end Sunday with a **farewell brunch** at the Peabody.

We are pleased to have Dr. Joseph Zuckerman as our guest speaker. Dr. Zuckerman is Professor and Chairman of the Department of Orthopaedic Surgery at NYU and will be the president of the American Academy of Orthopaedic Surgeons in 2009.

In addition to several symposia on topics of interest, we would like to include as many "free papers" by our alumni as possible. I invite you to submit an abstract for consideration for inclusion in the scientific sessions.

As part of the **Centennial Celebration**, we also are asking alums to send us brief anecdotes from their residency years. Whether a funny story about a staff member or fellow resident or a poignant remembrance, we want to include your memories of the clinic in our celebration.

Both abstracts (one page) and anecdotes should be e-mailed to kdaugherty@utmemo.edu, faxed to 901-759-3278, or mailed to Campbell Club, 1211 Union Avenue, Suite 510, Memphis, TN 38104.

We're looking forward to a great reunion and want to have as many of you as possible in attendance. Please make an effort to contact other residents in your class and encourage them to attend. We look forward to seeing you at the Peabody in Memphis in April!

Sincerely,

Charles N. Hubbard, MD

James H. Beaty, MD

CALL FOR ABSTRACTS & ANECDOTES

You are cordially invited to submit an abstract for consideration for inclusion in the scientific session and/or an anecdote about your Memphis residency years.

Email your abstract or anecdote to kdaugherty@utmemo.edu

Focus on Dr. John Priddy '02

John Priddy, MD
Azalea Orthopedics
Tyler, Texas
