Pediatric Fellowship
at Children's Hospital
Boston

At a recent meeting of the Board of Trustees, Dr. David Spence thanked the Campbell Foundation for **"your commitment to resident education, with the number of textbooks that are provided, staff support with whatever we need, and travel funds to conferences that provide invaluable experience."**

Your investment in resident functions forges memories and life-long connections so that we can give back. At Campbell, the residents become part of a larger community, advancing excellence in orthopaedics in the community and worldwide.

Thank you for supporting the residency program. That is what sets it apart from the other programs."
