Dr. Canale talks about TerryTuesday

**DOUBLE the promising research, DOUBLE the discoveries!**

Donor support is essential in keeping the Campbell Foundation's quest for discoveries through orthopaedic research moving forward. Already this year, we have 82 published papers, 60 podium presentations, and 22 posters. We've dedicated ourselves to our research program and currently have over 148 active projects, including 10 industry sponsored studies - an increase of 150% over last year.

**But none of this is possible without your help!

### Alumni Spotlight

We recently caught up with one busy retired Campbell alum, Hilary Hunt '65 of Paducah, KY.

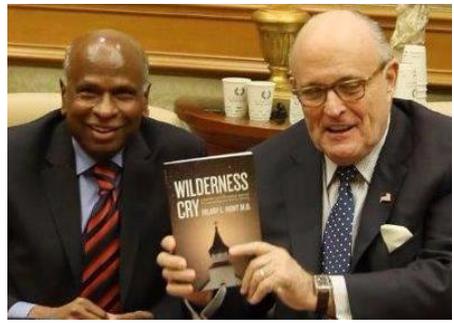

Boy, is he on the go! Not only did he just renew his orthopaedic license at the age of 84, he's recently published a book entitled *Wilderness Cry, A Scientific and Philosophical Approach to Understanding God and the Universe* that's even gotten the attention of former NYC mayor, Rudy Giuliani.

But the most impressive of his activities is the time, energy, love and devotion that he gives to cultivating homegrown vegetables and donating truckloads of the goods to the Paducah Community Kitchen every year. His generosity- from helping the hungry to faithfully supporting the Campbell Foundation- really warms the heart. Thank you, Dr. Hunt, we appreciate you!

### Gifts of Appreciated Securities

As you review your year-end charitable giving plans, please consider a gift to the Campbell Foundation of appreciated securities.

Please remember that retirees age 70 1/2 and older can donate up to \$100,000 tax free from their IRA each year.
