Update from our Research Department

Thank you for supporting orthopaedic research at the Campbell Foundation. Because of your partnership, we are proud to report that we finished 2019 with 209 presentations, publications,

Margaret Knack,
RN, MS, CCRP
Research Nurse
Coordinator

and posters.

Please find attached the complete year-to-date listing of the 3 P's (publications, presentations, and posters) that our research department tracks.

We plan to update this listing every month, but you'll see that we're starting the year off with a bang with 14 publications, 16 presentations, and 11 posters. We appreciate you. Thank you.
