11 A.M. – 4:30 P.M.

FEDEX TECHNOLOGY CENTER

THE UNIVERSITY OF MEMPHIS

CAMPBELL-FOUNDATION.ORG/INGRAM | 901.759.3189

FROM THE PROGRAM DIRECTORS:

Dear Campbell Clinic Foundation Partners,

We are pleased to invite your company to support our 2026 Alvin J. Ingram Memorial Lecture, taking place **Friday, April 24, 2026** at the FedEx Institute of Technology at the University of Memphis. Our signature annual scientific conference attracts esteemed faculty and top regional physicians, health care professionals and orthopaedic leaders.

Our 2026 Ingram Lecture keynote speaker is James R. Ficke, MD, Colonel (ret), U.S. Army, FACS, FAOA. Honored as an American Orthopaedic Association Pillar of the Orthopaedic Profession, Dr. Ficke retired after 30 years of service in the U.S. Army and has an active surgical practice focusing on Foot and Ankle Reconstruction, trauma, and patients with limb loss. He is the Robert A. Robinson Professor, Orthopaedic Surgeon-in-Chief at Johns Hopkins University. He recently served as a member of the Committee on Trauma and Chair of the Disaster Committee, American College of Surgeons.

The 2026 Ingram program will draw orthopaedic surgeons and professionals from throughout the region, staff, residents and fellows, representing diverse institutions, private practices and spheres of influence. Keynote lectures, expert panels and the senior residents' research presentations will highlight advancements in our field and the broader world of medicine. Continuing education credit hours will be available.

The program will open with exhibits at 11 a.m., followed by lunch. Scientific sessions will run from 12:00 – 4:30pm. An Exhibitor Hall will be open all afternoon, with ample breaks, to showcase your technology, innovative products and education resources.

We are extremely grateful to you, our corporate partners, for the innovation, insight and support you've shared. Enclosed you will find 2026 Ingram Lecture support opportunities. To confirm participation and ask questions, please contact Jenny Koltnow, Executive Director, at jkoltnow@campbell-foundation.org or 901.759.3233.

With gratitude,
Carson Rider, MD
Kirk Thompson, MD
